SUMMARY

Many chiropractors are still using paper for SOAP notes, which is inefficient compared to voice dictation. Z-Health offers a solution that allows for quick and easy dictation of SOAP notes, significantly speeding up the process and freeing up more time for patient care.

- *Over 50 chiropractors reported wasting time with paper SOAP notes.*
- *Voice dictation is 4-5 times faster than writing notes by hand.*
- *Z-Health enables easy dictation with a single button press.*
- *More time saved means more time available for patient interaction.*
- *Z-Health provides comprehensive practice management tools.*
- *Subscription starts at only \$99 per month.*
- *A demo can be scheduled to explore the benefits of the system.*

do you still write soap notes on paper do you know you can directly dictate your soap notes over 50 of the chiropractors we spoke to were wasting their time with paper soap here's the crazy fact voice dictation of soap notes is four to five times faster than writing paper soap notes that's why z-health allows you to easily dictate your soap notes just press a single button and you are ready to dictate the more time you save
