you know there has to be a really Crackle free one this year and by that I mean it is not my kid shouting and being or my husband chatting with me that I have forgotten something or I am running late or the kids are throwing a tantrum because I have really forgotten something for parenting tips celebrity interviews recipes conversations with experts DIYs and lots more subscribe to kids talk press now hi guys I know it's almost

time for Diwali and we're all super excited to indulge in all the festivities the goodies and of course meet friends and families because that's what makes it Diwali right but I've often thought that you know there has to be a really cracker free one this year and by that I mean is not my kid shouting and me not my husband chatting with me that I have forgotten something or I am running late or the kids are

wearing a tantrum because I have really forgotten something so we've got some tips for you which are Super helpful which has really helped me over the universe and I think it's gonna really help you get a little more organized and feel more dressed up than you usually are just putting up something together so let's start with tip number one which is always to make sure that you neatly arrange things in pouches that you might find this a little bit of an OCD but it

helps okay so here is our first pouch which has all their accessories all the jewelry uh oh finally does out and put it together all the little Bangles and their mom tikkas and whatever they would like to wear the other powers we always keep handy and I'm very very particular about this one is to ensure that you always carry the toothbrush toothpaste and their tongue cleaner uh simply because you don't know what time you're going to be heading

back and with the

number of sweets that we all eat it's very very important I always carry a sanitizer and the wipes in the scalp just in case I do at the last minute okay so we have one more pouch out of the way a neat pack neatly pack your Ziplocs and extra safety pins like this and of course don't forget your own makeup pouch tip number two is make sure you get your nails hair curls Nanny padding everything done before because

I've always thought that okay it's last minute and I'll get it done otherwise my hair will go out of place or messy whatever the truth is it never gets done because I'm in the bathroom running to get something somewhere fixed so do not just I'm sure experience do not leave it for the last minute okay uh tip number three always always carry extra cotton clothing and their night suit because we're going to be running around from morning to evening

you don't know where the kids are gonna crash you don't know in five minutes or five hours later they're gonna find something itching somewhere and if you haven't changed them immediately they're really gonna drive you off the wall also if you are healthy bursting crackers at the end of the day you'd rather have them in simple cotton clothing than anything very very natural [Music]

thank you tip number four is make sure you get your jewelry from the local way away in advance now this really helps because I often realized on the day that I need to wear it I should go and get my jewelry today and guess what the banks are sharp right I don't know if that's happened to you but it's totally happened to me and once in a while when I actually end up wearing the jewelry I don't because

obviously you know how that works uh tip number five is doing up their hair I always prefer checking with the kids want hair and what outfit is especially if you have girls this really really helps because you know sometimes they want to do something different in their hair and you want to do something different it's always great to watch YouTube videos on real hairstyles we've got lots of them um or you can head over to the Pitstop

grass app and check it out as well because I really feel the easy one are all look on there so if you want that just make sure that the hair the matching Clips the accessories everything is organized right in those pouches with a comb because I am guilty that I often so just make sure that you plan ahead with the just the paperwork in his previous Time Saver and more importantly

[Music] I hope you enjoy and you practice all of these tips because I am sure it's going to help you get super organized and really have a crack of free Diwali
